Ashlar-Vellum™ Announces Graphite™ v10 in Beta

November 30, 2015, Austin, TX. Ashlar-Vellum announces the upcoming release of Graphite v10, the latest release of their 2D/3D CAD wireframe drafting package.

The new release will feature these highlights among others:

- Support for the latest operating systems on both Mac and Windows
- Enhanced 2D PDF import
- Enhanced 3D PDF export
- Font report specifying missing fonts and substitute designations
- Draw Control order by layers or Arrange menu
- Improved handling of raster images
- Enhanced palette and dialog position memory

For a complete list visit: <http://www.ashlar.com/get10/2d-3d-cad-graphite.html>.

Robert Bou, president of Ashlar-Vellum said, “We are concentrating on supporting our customers with smaller, less expensive upgrades more often. Graphite v10 has some valuable tools and enhancements that customers have been requesting.”

Upgrade pricing is available from previous versions of Graphite v9, v8 and v7.
